

APISORN LAPCHURAT

Maintenance & Project Engineer | Section Manager

083-102-8338

sawnsorn@gmail.com

Bangkok, Thailand

PROFESSIONAL SUMMARY

Results-driven Senior Maintenance & Project Engineer with 8+ years of experience in automotive manufacturing environments. Proven track record in leading maintenance teams, implementing automation solutions (PLC/Robot), and driving operational excellence. Successfully reduced production line downtime by **50%** through PLC-based poka-yoke systems. Currently pursuing an MBA to strengthen strategic leadership and business acumen.

WORK EXPERIENCE

Section Manager – Project Engineer

2026 – Present

TAAP (Thonburi Automotive Assembly Plant)

- Leading cross-functional project engineering initiatives to drive plant modernization and efficiency improvements
- Managing project scope, timeline, and budget in alignment with corporate goals
- Coordinating with internal stakeholders and external vendors for equipment installation and commissioning

Maintenance Section Manager – Body Shop

2019 – 2025

TAAP (Thonburi Automotive Assembly Plant)

- Led and managed a team of maintenance engineers and technicians in the Body Shop department
- Developed and executed preventive maintenance (PM) plans to maximize equipment uptime
- Reduced production line downtime by **50%** through PLC-based poka-yoke system design and implementation
- Managed maintenance budget, spare parts inventory, and vendor relationships
- Introduced KUKA robot maintenance protocols to improve robot availability and reduce unplanned stops
- Reported KPIs and maintenance performance metrics to senior management regularly

Maintenance Engineer – Assembly Shop

2018 – 2021

TAAP (Thonburi Automotive Assembly Plant)

- Performed corrective and preventive maintenance on production line equipment and automation systems
- Programmed and troubleshoot Siemens PLC systems for production line control

- Designed and developed poka-yoke programs integrated into production lines to prevent defects
- Supported installation and commissioning of new automated equipment

EDUCATION

Master of Business Administration (MBA) — In Progress
Chulalongkorn University

Bachelor of Engineering – Electro-Mechanical Manufacturing Engineering
Kasetsart University (Bangkhen Campus)
2014 – 2018 | GPA: 2.84

TECHNICAL SKILLS

Category	Details
Automation & Control	Siemens PLC Programming, KUKA Robot Operation & Maintenance
CAD / CAM / CAE	SolidWorks
AI & Digital Tools	AI Applications & Tools, PLC Ladder Logic
Management	Team Leadership, Preventive Maintenance Planning, Budget Control
Finance	Maintenance Cost Analysis, ROI Evaluation
Office & Productivity	Microsoft Office (Word, Excel, PowerPoint)

CERTIFICATIONS

- ✓ Siemens PLC Programming Certificate
- ✓ KUKA Robot Operation & Maintenance Certificate

KEY ACHIEVEMENTS

- 50% Downtime Reduction** — Designed and implemented PLC-based poka-yoke systems in production lines at Body Shop, cutting unplanned downtime by half
- Automation Integration** — Led adoption of KUKA robot maintenance protocols across Body Shop, improving robot uptime and reliability
- Team Leadership** — Managed and developed a cross-functional maintenance team as Section Manager for 6+ years in a high-volume automotive plant
